The Softball Complex is a family friendly venue, so please be respectful of others.

II. GAME FORMAT

1. Game time – Game times will be fifty five (55) minutes or seven (7) innings. No new inning will begin after fifty five (55) minutes. Game time is forfeit time! Any team unable to take the field at the scheduled time will forfeit the game. Official time is kept by the Scorekeeper and begins when the teams are instructed to take the field. The Umpire, Scorekeeper, and Site Supervisor jointly make the decisions affecting the game time. Legitimate additions include: rain delays, serious injuries, unexpected field maintenance, etc.

2. Line-ups - A complete team for all leagues consists of ten (10) players, however, teams may play with a minimum of seven (7) players provided an automatic out is established in the batting rotation for each player missing for a complete team. If additional players arrive late, they must immediately fill the vacant spots in the line-up. The Team Manager may designate, prior to the game, where those automatic outs will be placed in the line-up. Under no circumstances may a team begin or continue play without the required 7 players regardless of the situation. The game is terminated at the point where a team drops below 7 players and results in an automatic loss to that team, regardless of the score. If neither team has 7 players present to play at game time, both will receive a forfeit. All starting line-ups must be submitted to the Scorekeeper at least ten (10) minutes prior to the game time. Lineups need to have names and jersey/shirt numbers of the players and substitutes. Only one representative per team (Team Manager) is allowed upstairs in the Scorekeepers building. No other team members will be permitted upstairs, unless they are being added to a team's roster. If a player must leave the

game due to injury or an emergency situation, and there is no substitute, that player's position in the batting order is dropped. If a player leaves the game due to ejection, and there is no substitute the game is forfeited.

3. Intentional Game Delay – Game Umpires will not tolerate undue delays in an effort to prolong the game to reach the time limit. If in the opinion of the game officials, a team is making a travesty of the game such game will be terminated and forfeited accordingly.

4. Dugouts – The home team will occupy the third base dugout. For safety reasons no children, scooters or bicycles are allowed in the dugout areas.

5. Innings - Games consist of 7 innings with no new inning beginning after 55 minutes. Games tied at the end of 7 innings or regulation time will be played to their conclusion. The International Tie-Break Rule will go into effect with the start of the 8th inning or any new inning after 55 minutes. Games called prior to 4 complete innings will be rescheduled and replayed from the point of interruption. Games called after 4 complete innings will stand, unless tied in which case the game will be rescheduled and completed from the point of interruption.

6. 3 Ball – 2 Strike Count - The batter is out on the second foul ball after one strike.

7. Game Balls – Game balls will be provided by the Clinton Recreation Department. The team batting is responsible for retrieving all balls going out of play, including home run balls. The next inning will not start until all balls have been returned to the Umpire. Game time will continue to run until fouled/homerun balls are returned to the Umpire.

Co-ed Recreation: 12" .52/300 (Dudley – Thunder HyCon/ Champro)

If the game is still tied after the completed inning, the International Tie Breaker will go into effect. Starting with the top of the inning and each half inning thereafter, the offensive teams shall begin its turn at bat with the player who is scheduled to bat last in that respective half inning being placed on second base.

9. Pitching – This is a slow pitch league. Pitchers must face home plate when pitching. Once a motion is started to home plate, the pitch must be delivered. The pitch shall be released at a moderate speed. One foot shall remain in contact with the pitcher's plate until the pitched ball leaves the pitchers hand. The ball must be delivered from the rubber and have a perceptible arc that reaches a height of at least 6 feet from the ground, while not exceeding a maximum height of 10 feet from the ground. No quick pitching is allowed. Both of the batters feet must be in the batter's box before the ball can be pitched.

III. RULES OF PLAY

1. Run Ahead Rule/Slaughter Rule - A team ahead by 20 or more runs after 3 complete innings, 15 or more runs after 4 complete innings or 10 or more runs after 5 will be declared the winner. Complete innings must be played unless the home team scores the run ahead limit while at bat. When the visiting team reaches the limit in the top half of the inning, the home team must have their opportunity to bat in the bottom half of the inning.

2. Slide Rule - If there is a play at the base and/or plate, the offensive player/runner should avoid contact to the best of their ability. Defensive players/basemen may not block their bases if they do not have the ball. If contact is made and could have been avoided, the offensive player/runner will be called out. If the contact is deemed flagrant "take out slide" the runner may be ejected from the game and possibly suspended from the league.

3. Stealing – No base stealing is allowed.

4. Home Run Rule – All leagues will have a one (1) homeruns per inning rule. No team is allowed to hit more than one (1) homeruns (untouched, over the fence) per inning. Any home run hit after the one per inning will result in a single. The team batting is responsible for

retrieving all balls going out of play, including home run balls. The Umpire has a limited number of balls; if they are not retrieved the game will be delayed with the clock running until a ball is returned. If the Recreation Department deems it necessary to change the home run rule, teams will be notified one-week prior to implementing the rule. Players that hit a home run must touch all of the bases.

5. Re-entry Rule – The Re-entry Rule will apply. Any player, starting or a substitute, may be withdrawn and re-entered once during the game provided such player occupies the same spot in the batting order. A starting pitcher who is withdrawn can return to the pitching position for the remainder of the game.

6. Courtesy Runners – Courtesy runners are allowed for any player. Any eligible players that may participate on offense or defense are on the official line-up including available substitutes may be used as a courtesy runner. A courtesy runner may be used once per inning. If a player is injured during the game they need to notify the Umpire he/she will be using a courtesy runner. If the player is injured prior to the game starting they need to notify the Scorekeeper and Umpire that they will be using a courtesy runner. The batter must run to first base before the courtesy runner can enter the game. In co-ed courtesy runners must be of the same gender. If a courtesy runner whose turn at bat comes while on base, the player the courtesy runner is running for will be called out.

7. Extra Player (EP) Rule – The Extra Player (EP) Rule will be allowed, but teams must announce their intent to use an EP to the Scorekeeper when submitting the lineup. The EP must remain in the same position in the batting order for the entire game. When an EP is used all (11) on the starting line-up must bat and any 10 of those 11 may play defense. The EP may be substituted for at any time. The substitute must be a player who has not yet been in the game. The starting EP may re-enter the game. If additional players arrive before the lineup has been batted through, they must be added to the bottom of the lineup. Teams must finish the game with the same number of batters as they started with unless an injury/emergency situation occurs or they will be penalized an automatic out for each vacated spot in the batting lineup.

8. Safety Base – Fields are equipped with two bases at the first base location for safety. If there is a play at first, the runner should run to the outside base, should be orange/dark, unless there is an overthrow, then they may run to the inside/white base. The first baseman and runner should use the base that is safest to use for each play.

9. Substituting – When a team substitutes, they are required to report to the plate Umpire, who will report to the Scorekeeper, as they bat. They are not required to report to the plate Umpire when they go into the field defensively.

10. Infield Fly – A fair fly ball, not including a line drive or bunt, which can be caught by an infielder, pitcher or catcher with ordinary effort when first and second or first, second and third bases are occupied with less than two outs. When the Umpire calls “infield fly” the batter is out, regardless of whether the ball is subsequently caught or dropped. The ball is live, and the runners already on base may advance, at their own risk, if the ball is not caught or tag up and advance if it is caught.

11. Over-throw – When an over-throw is made by an infielder or outfielder that goes over the boundary fence or line, the base runner is awarded two bases from the runners position at the time of the throw release (base runner is going to +1 base). All balls inside stationary fence lines are live balls.

12. Bat Rule – All bats shall be free of burs, dents, cracks, sharp edges, rattles and show no signs of excessive wear. The bat may be marked OFFICIAL SOFTBALL by the manufacturer. All Adult Slow Pitch Softball Leagues will be allowed to use bats that bare the ASA, USA, USSSA or NSA stamp. Senior Softball/SSUSA bats are not allowed. All ASA bats shall not be more than 34 inches long nor exceed 38 ounces in weight. The bat shall not be more than 2.250' in diameter at its largest part, including any tolerance for expansion. The Umpire may, without warning, call a batter out and/or remove the player from the game for throwing their bat after the swing and endangering a player or Umpire. All players must drop the bat after they hit the ball. An opposing Team Manager or Umpire can request a bat to be compression tested by the Site Supervisor.

13. Strike Mat - A strike mat will be used during all softball play. If the ball touches any part of the mat or home plate the pitch will be considered a strike. The strike mat is an extension of home plate. If the runner safely touches any portion of the strike mat, the run scores. If the catcher is in control of the ball and touches any portion of the strike mat on a force play, the runner attempting to advance to home plate will be called out.

If the behavior continues after the player has been ejected, that player’s team will forfeit the game.
